# How to Accelerate Your Debt Pay-off

## Achieve Your Financial Goals Faster!

*“Those who understand interest are destined to earn it, while those that don’t are doomed to pay it.” Albert Einstein*

The average American family spends many wasted thousands of dollars on interest every year.

This workshop presents a life changing look at how to wisely use the money you already have.

Learn how to eliminate ALL of your debt in less than half the time you thought possible – without refinancing or changing your current budget or income using common practices by Fortune 500 companies.

**Know debt?** → **No debt** → **Your Investments** → **YOUR GOALS**

**Date:**

**Time: 45 min.**

**Location:**

*You will learn:*

- The incredible power of compound interest and what it can do to you or for you.
- How corporations and banks make billions of dollars each year off of your idle cash.
- How you can implement a simply and very effective cash flow management system.
- How to gain more control and success in having your money work harder for you.
- Gain hope and confidence in realizing your longer term life goals.
- And much, much more!

### Who Should Attend?

Recent grads, newly married, homeowners, college parents, divorced, single parents, working parents and those planning for retirement will benefit from this workshop presented by Debt Free Smart™.

**Presenter:** Dennis Raup, Business and Educational Consultant, College Smart Scholarships™. On a mission to help families minimize debt for college and prosper. Dennis’s Debt Free Smart™ service proudly features My GPS for Money - a proven debt acceleration and planning system with guaranteed results.
